

## TELEVISION (DISPLAY TECHNOLOGIES)

accelerate	pospeševati
active-matrix	prikazovalnik z aktivno matriko
address electrode	elektroda naslova/naslovna elektroda ??
align	poravnati v vrsto
anode connection	Anodni priključek
aspect ratio	razmerje gledišča
brightness	sijaj, sijajnost
broadcast format	oddani format
coating	prevleka
CRT (cathode-ray tube)	katodna cev
cutaway	preseki
deflect	odbiti, odkloniti
deflection	odklon
deflection coil	odklonska tuljava
dielectric layer	neprevodni sloj
display electrode	prikazovalna elektroda
DTV (digital television)	digitalna televizija
electromagnetic focus	elektromagnetno žarišče
electron beam	elektronski snop
electron gun	elektronski top
emit light	oddajati svetlobo
etched	jedkan
evacuated glass envelope	nepredušna steklena posoda
filter film	tanek sloj, tanek film
flat panel tv	televizija z ravnim ekranom
focusing coil	žariščna tuljava
frame	slika, okvir,
frame rate	hitrost slike
front plate glass	prednja steklena plošča
give off	oddajati
glass substrate	stekleni substrat
HDTV (high definition television)	visoko ločljiva televizija
image	slika
interlaced	prepleten
ito electrode	ito elektroda
LCD (liquid crystal display )	prikazovalnik s tekočim kristalom
liquid crystal solution	izdelek/izvedba s tekočim kristalom
magnesium oxide coating	prevleka iz magnezijevega oksida
magnetic deflection	magnetni odklon
magnetic yoke	elektromagnetni jarem
mask	maska, prevleka
matrix electrode configuration	zgradba matrike z elektrodo
monochrome	monokromatski
nematic	nitast, vlaknast
noble gas	žlahtni plin
outgassing	izhajanje plina
pan and scan	slikovno drsenje in analiziranje

panning	slikovno drsenje
scanning	analiziranje slike
passage of light	prehod svetlobe
passive-matrix	prikaz s pasivni matriko
PDP (plasma display panel)	plazma ekran
phosphor-coated	prevlečen s fosforjem
pixel	pika
plasma cell	plazma celica
plasma tv	plazma televizija
polarized light	polarizirana svetloba
polarizing filter	polarizacijski filter
poorly conductive	slabo prevoden
portion	predel
progressive	postopen
progressive scan	postopno analiziranje
raster	raster, slikovni vzorec
rear plate glass	steklo na zadnji plošči
render	odstopiti
repel	odbiti se
resolution	ločljivost
ridge	greben, sleme, hrbet
SDTV (standard television)	klasična televizija
shadow-mask crt	senčna maska (slikovne elektronke)
sticking	sunek, lepljenje
subpixel	podpika
thermionic emission	termionično oddajanje
thin beam	tanek snop
transition metal	prehodna kovina
triad	triada
vaccum tube	elektronka
